

TORONTO TENNIS CITY

Procedure for Junior Walk-on Membership

1. Full time [minimum number of days requirement] players in the International, National and Provincial programs have the privilege of free walk on courts, if a court is available.
2. Players can call or check online to see when courts are available.
3. Players must be at the club to register at the reception desk for the walk-on option.
4. When it is time for the court and if it is still available, then registered players can proceed to the court.
5. Priority is for first registered players [must be at club to register].
6. Walk-on courts are for four players. So first four registered players must share the court.
7. The standard indoor court fees apply for any booked courts.
